

# optibelt **DELTA CHAIN** Carbon

## HIGH PERFORMANCE POLYURETHANE TIMING BELTS

Highly dynamic, tough, tear-resistant, durable, and brand new:

The **optibelt DELTA CHAIN** with carbon cord is the perfect alternative to drives with roller chains. Designed for high torque, it delivers the best performance values even under extreme conditions and high loads.

Our innovation studies showed in extensive tests that a performance increase of up to 100% over comparable high performance synchronous rubber belts is possible.

### Advantages and Characteristics

- optimised tooth form
- unmatched shock resistance
- temperature resistance
- double power transmission
- newly developed special fabric
- high reliability

### A NEW MATERIAL GENERATION

- tear-resistant for heavy demand
- durable
- for drives with high torque

### Dimensions

8M DC 640 – 1792 mm  
14M DC on request
